ERRATA SHEET

(Language deleted is ~~struck through~~)

(Language added is **bold and shaded**)

1. Title to the tentative Order is modified as follows:

AMENDING WASTE DISCHARGE REQUIREMENTS **FOR FACILITIES
LISTED IN TABLE 1**
FOR DISPOSAL OF NONHAZARDOUS/NON-DESIGNATED CONTAMINATED SOILS
AT ACTIVE MUNICIPAL SOLID WASTE LANDFILLS

2. TENTATIVE ORDER NO. R8-2014-0006, page 1, finding 5: Modify as indicated below:
5. Active MSW landfills in the Santa Ana Region **(Table 1)** are **currently regulated under waste discharge requirements (WDRs) issued at various times** pursuant to individual waste discharge requirements (WDRs) to accept municipal solid waste. Such WDRs generally do not include requirements for the disposal or reuse of contaminated soils. Routinely landfill operators are required to develop and implement "load-checking programs" to limit unacceptable wastes from being discharged. Due to the nature of contaminated soils, the waste constituents in the soils cannot readily be detected through load-checking programs. Thus, routine load-checking programs implemented through individual WDRs for operating Class III landfills in the Region are not adequate to regulate the discharge of contaminated soils. **This Order amends the existing WDRs for the following landfills to facilitate acceptance of contaminated soils and to provide acceptance criteria for such soils.**

Table 1. List of Active Landfills within Santa Ana Region

Landfill Name	Existing WDRs
Lamb Canyon Landfill	Order No. R8-2013-0003
Badlands Landfill	Order No. 91-105
Olinda Alpha Landfill	Order No. R8-2010-0006
Mid-Valley Landfill	Order No. 98-095
FRB Landfill	Order No. R8-2010-0017
Colton Landfill	Order No. 91-039

San Timoteo Landfill	Order No. 78-151
California Street Landfill	Order No. R8-2004-008
El Sobrante Landfill	Order No. R8-2011-0014

3. Tentative Order No. R8-2014-0006, Page 4, after finding 23:

IT IS HEREBY ORDERED that the Waste Discharge Requirements for the active municipal solid waste landfills in the Santa Ana Region listed in Table 1 be amended to include the following requirements to allow acceptance of contaminated soils: ~~a Discharger, who has received authorization to discharge under this waste discharge requirements, in order to meet the provisions contained in Division 7 of the California Water Code and regulations adopted there under, shall comply with the following:~~

4. Tentative Order No. R8-2014-0006: Added new Table 1; Change Tables 1 and 2 to Tables 2 and 3, respectively.
